Bob Comben decided that we should start on the longer (4 and a bit mile) course this year and set us the challenge of completing it at an average speed of 11.5mph. Riders had to then do a U-Turn and complete the shorter (2-mile) circuit at 15.5mph. Ems Luck, in her first event as a member of LWCC completed two nearly perfect laps to win the Speed Judging - a great start to her Wanderers career.

The big showdown for the 2016 Reg Porter Trophy didn't quite go as I planned. My one-point lead disappeared in a flash after I completely messed up the speed judging and I therefore tumbled down the GC leader board. Micky Turner on his fixie put in an excellent ride for second place on the day and in the process confirmed a clear victory on GC. Last year's queen of the speed judging, Ali Brockhurst took a solid third place this year and with fellow GC contender, Ian McGuckin finishing in ninth on the day, they shared second place on GC.

** Disqualified for going backwards round the first course, instead of the correct way round the second course!

* Only members of LWCC can qualify for the overall competition.
